

ACUERDO

## Cafestore joins the Havisa healthy habits plan.

“  
*The Sacyr subsidiary serves over 4 million customers every year, employing more than 450 people.*

Sacyr food and beverage subsidiary Cafestore joins the Plan to Promote Healthy Lifestyle Habits in Spain (**HAVISA** Plan for its acronym in Spanish) to combat rising obesity.

Sacyr food and beverage subsidiary Cafestore joins the Plan to Promote Healthy Lifestyle Habits in Spain (**HAVISA** Plan for its acronym in Spanish) to combat rising obesity. Cafestore also signed an agreement promoted by the Ministry of Health, Social Services and Equality, through the Spanish Agency for Consumption, Food Safety and Nutrition, together with the Business Association of Modern Restaurant Chains (FEHRCAREM), of which Cafestore is member, and the Alimentum Foundation.

The agreement covers participation in the HAVISA Plan during 2015 and 2016, specifically to promote and raise awareness of initiatives geared to promoting a varied, balanced and moderate diet and regular physical activity. The Health Minister praised the commitment of these sectors and their involvement and collaboration with the public health system to reach this goal. **Cafestore**, together with its partners in FEHRCAREM, is committed to transmitting messages and campaigns that encourage healthy lifestyles. **Cafestore** has a firm commitment to social corporate responsibility, working in the service of a modern society in which people tend to eat more meals out. The company operates in a young and dynamic sector with strong projected growth and is committed to quality, hygiene, food safety and respect for the environment.
