

PRESS RELEASE

SACYR FLUOR RENAMED AS SACYR PROYECTA

Madrid, March 27, 2023.- Starting today, Sacyr Fluor, a Sacyr Engineering and Infrastructure company, becomes Sacyr Proyecta. This change in naming is aligned with the business goals outlined in the 2021-2025 Strategic Plan.

Sacyr Proyecta will continue to bring to the table its expertise in national and international-scale project from its offices in Madrid and Asturias. This company, with over 300 professionals, specializes in energy projects, with a focus on the oil and gas, energy, chemicals and petrochemicals, mining, industry, LNG, and renewable hydrogen projects.

Sacyr Proyecta will also continue to develop projects across all stages: engineering, procurement, construction, pre-commissioning and commissioning.

This change in naming has no effect on structure, shareholding (100% Sacyr Group owned), fiscal ID, registered address or usual activity of the firm.

Successful projects

Sacyr Proyecta has an ample track record of successful projects, such as the expansion of the Oporto refinery and a LNG terminal in Malaysia, a gas compression facility, or the construction of an unloading and storage facility, both in Peru.

Currently, Sacyr Proyecta develops projects such as the expansion of the Fluxys Zeebrugge LNG facility in Belgium; a gas compression facility in Egypt for GASCO; an ultra-high density polyethylene facility for Repsol in Puertollano, Spain; an advanced
